

MONKEY BUSINESS

Quick Classes Partner Newsletter

August 2008

Our new address will be 2100 E. Fairview Ave, Meridian ID 83642

I've got my own newsletter now

You may not know me so I would like to introduce myself. My name is Danny; I am a Dwarf Baboon and I live inside the Quick Classes Learning Center.

You might think it is strange to get a letter from a Dwarf Baboon. Let me assure you it is not strange. The reason it is not strange is because I live at Quick Classes and know what is happening here 24x7. Who better to get news from than local!

We are moving! Yippee!

As you probably read in the headline, we are moving to a new training facility. Upon inspection of the sign above you will notice our new office is in the OakBrook plaza. Don't let the name fool you. There really

I like to move it move it!

We're moving on October 1st

aren't many Oaks hanging around. I should know—I'm a monkey after all.

Fully Loaded

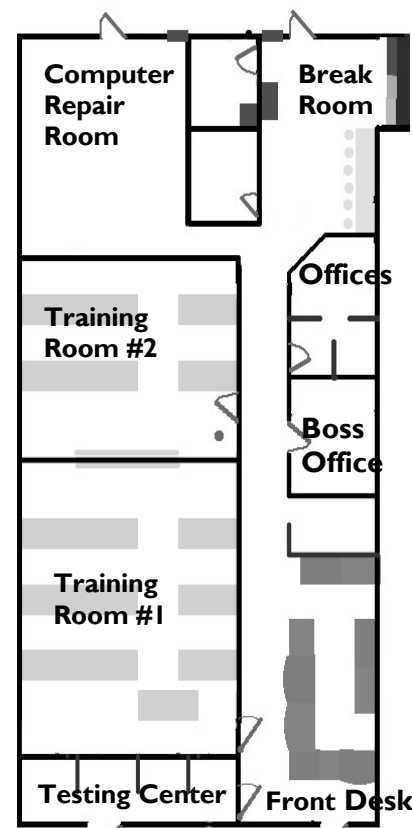

The new office is going to be fully loaded with everything we need. We will have two training rooms, a certification testing center, a comfortable break room, a wireless bar and two ADA accessible bathrooms. Get this, the program director will now have an office instead of a cubicle. And I will have the run of the entire place—endless fun!

Hungry?

Our office is right next door to Lotus Gardens Chinese Buffet and shares a parking lot with Sonic. And that's not all! Our students will have four other restaurants within a few minutes walking distance to choose from—McDonalds, Subway, SaWadee, Louies. Computer learning combined with delicious food. What could be better?

You're invited!

On October 24 we will have an open house from 11 AM to 1 PM. You are invited for lunch so clear your calendars and put us in. More details coming soon. Bye Bye.

Here are the floor plans for our new office. The space is 2500 sq feet.

Inside this issue

- Were Moving
- Dude you're getting a DELL
- New Technical Courses
- Evening Classes

Danny

Hear what students are saying:

“Information of classwork was very easy to understand especially for me who was not raised with computers. It was enjoyable to learn without any stress. Thanks for a job well done.”

“I was nervous about what I do and don’t know; but Kelly really put me at ease.”

“You have very qualified and understanding teachers.”

“Renee teaches a great class by adding humor along with the knowledge she shares. Thanks.”

Perfect! Very happy with the class! I will recommend to all!

“The classes were great!”

Laptops to be included in many job training courses

Practice makes perfect

One of the important parts of going to school and learning a new skill is being able to practice that new skill so you really get it. The Quick Classes management team has noticed a reoccurring problem with many students coming through our extended courses who don’t have a computer at home to practice on. And the students who do have computers don’t have recent versions of Microsoft Office.

Laptop Included in the following courses

To make our programs more valuable and useful to our students, we are going to start including laptops in the following courses:

- *Customer Service
- *Administrative Assistant
- *Office Manager
- *Microsoft Office Courses

The laptops will come loaded with all the software the student will need to complete the courses.

You have options

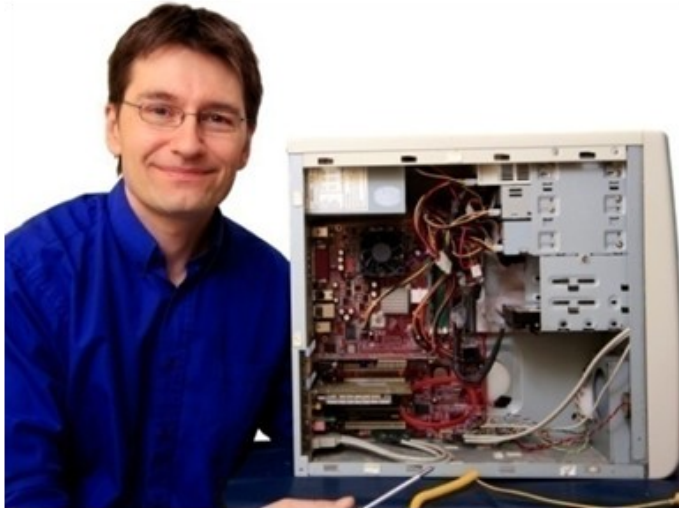

If you have a student who already has a computer at home to practice on or is on a limited

budget, you can take any course without a laptop. In that case the student would use our normal lab computers and the program would be \$500 less.

Keep in mind your student will get more out of the course if they are able to practice at home the skills they learn at our training center.

Details Included

I have included an updated Job Training Course Catalog that has all the new prices in it. Feel free to call the office at 895-0800 if you have any questions at all. If you don’t have access to a Job Training Course Catalog, you can find an updated one on our website. Visit www.quickclassesboise.com and then click on schedule. A link at the top of the schedule page will say “Complete Learning Packages Schedule”. It is a PDF copy of our complete catalog.

Quick to Offer two Technical Certifications

Comptia Certifications

We are pleased to announce starting November we are going to offer two technical certification courses.

- Comptia A+ Certification
- Comptia Net+ Certification

Both courses will be two-week courses that include:

- 5 days of instructor-led training
- 1 Day mentored internship at our computer repair facility
- 1 Day of instructor-led test prep
- 1 Day of testing (done at our testing center)
- Certification test fee included

Technical Jobs

The A+ certification qualifies an individual to work as a computer technician or help desk support. The Net+ certification qualifies an individual to work as an entry-level network technician .

Uniquely Positioned

Our office is uniquely positioned to offer a hands-on training approach because in addition to running Quick Classes we have an industry-leading computer repair and networking business www.quickboise.com.

Students will get first-hand, real life experience doing the skills they learn in class.

Your student will get certified

We guarantee your student will pass the exam or your student may take our entire course over again.

Book a seat now

We are taking reservations for our Certification courses right now:

- A+ Course.....Nov 3—Nov 14
- Net + Course....Nov 17—Nov 26

A+ Certification Course

Upcoming Dates:

Nov 3rd—Nov 14th

Class Duration: 2 weeks
Class Hours: 70
Course Cost: \$2399

Combo Certification Special

Get both the A+ and Net+ certifications for:

~~\$5098~~ Only \$4698

Save \$400

Danny, Dwarf Baboon

A special offer for all our valued partners

Special Invitation

Hello, Danny here. I have been authorized by the Quick Directors to offer to you a full -day partner pass to any class we offer. This partner pass is good for one class at our learning center and is valid until the end of the year.

Lots of Choices

You have lots of different choices for your class. Our learning center teaches a wide

range of computer and business skill classes.

Know the options

You have a lot of different choices for computer training for your students. We want you to understand there is a big difference between a class at our learning center and a class elsewhere in town.

Thanks, *Danny*

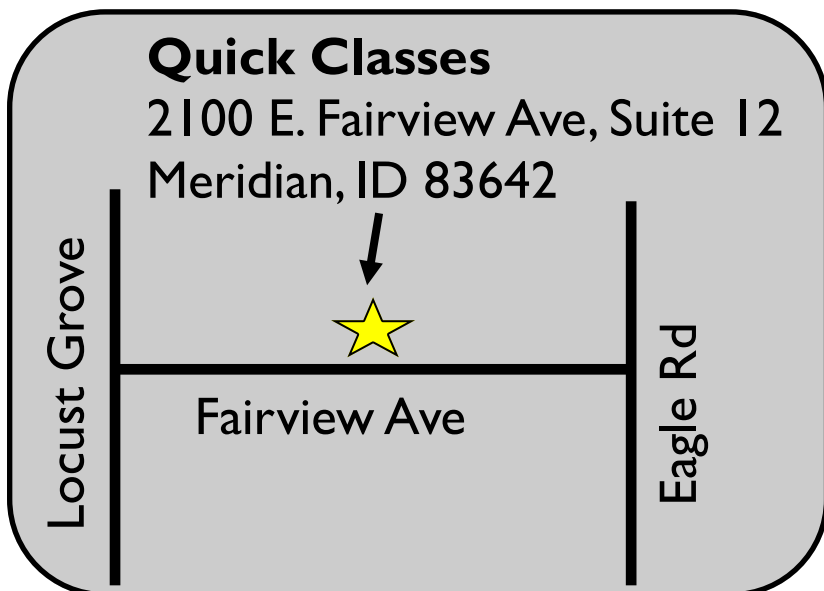

Partner Pass

This partner pass is good for one free sit-in at any computer class at our learning center. We would like you to be our guest to see how good our classes really are.

This pass is good for any full-day class we offer. Visit www.quickclassesboise.com for a complete listing of all our classes.

Offer Expires Dec 31, 2008. This sit-in is not transferrable to anybody else.

New Training Center Opening October 1st

Our new office will be right between Lotus Gardens Chinese Buffet and Gettumm (skateboard shop). Do monkeys eat Chinese food? I guess we'll find out.

—Danny
